

Conversion from UAS to Bachelor's degrees

Information regarding titles after 1 January 2009

Information sheet for holders of a UAS degree obtained prior to introduction of the Bachelor-Master system

The UAS titles issued to graduates prior to introduction of the new Bachelor-Master system shall remain legally protected. Starting from 1 January 2009 (when the first Bachelor's degrees were issued) holders of UAS degrees issued under previous legislation may also use the titles Bachelor of Arts (BA) or Bachelor of Science (BSc). There will be no change in title (subsequent issuance of a Bachelor's degree). Anyone who uses a legally protected UAS title without having met the corresponding requirements may be subject to prosecution.

The title structure is uniform and comprised of the title (Bachelor of Arts or Bachelor of Science) followed by the name of the UAS that issued the degree. As an option, the legally protected title may also be followed by information regarding the branch of studies and specialisation.

A	C	B
Title	Branch of studies	Name of UAS
Mandatory	Optional	Mandatory

Example:

A	C	B
Bachelor of Science	in Electrical Engineering,	University of Applied Sciences, Bern
Bachelor of Science	in Electrical Engineering,	UAS Bern
Bachelor of Arts	in Visual Communication,	University of Applied Sciences, Zurich
Bachelor of Arts	in Visual Communication,	UAS Zurich
Abbreviations		
BSc		UAS Bern
BA		UAS Zurich

The **Arts or Science classifications** assigned to Bachelor's degrees are based on recommendations made by the Rector's Conference of the Swiss Universities of Applied Sciences (KFH):
